Sito/LeoVince

- passion for bikes since 1954

Fünzig Jahre Leidenschaft für motorisierte Zweiräder – gibt es eine bessere Basis für die konsequente Entwicklung innovativer Technologien?!

1954 in Turin von Pietro Mollo gegründet, produziert das italienische Unternehmen Sito – ein "Familien"-Unternehmen im besten Sinne des Wortes – heute in Monticelli d'Alba Auspuffanlagen, die an Leistungsvermögen und Design zum Besten gehören, was Sie ihren Kunden anbieten können.

Sito setzt auf die Synthese aus computergestützter Fertigung und der wertvollen Handarbeit hochqualifizierter Fachleute, die die Einzelteile zusammensetzen und für ein akkurates Finish sorgen. So ist im Grunde jede Auspuffanlage ein Unikat.

Sämtliche auf CAD-Basis (Computer Aided Design) entwickelten Prototypen werden zunächst ausführlichen Simulationstests unterzogen, ehe sie ihre Leistungsfähigkeit auch in der Praxis unter Beweis stellen dürfen.

Fundierte Rennerfahrung als Basis sämtlicher neuen Produkte und eine ungeheure Liebe zum Detail machen aus jedem einzelnen Stück ein Meisterwerk: Jede Auspuffanlage, jeder Schalldämpfer ist im Grunde ein Unikat, entstanden durch die Kombination aus computergestützter Fertigung und echter Handarbeit.

Um den Erfordernissen des Marktes Rechnung zu tragen, etablierte das Unternehmen 1987 neben der überaus erfolgreichen Marke Sito mit LeoVince einen weiteren Zweig der Sito Group. Die beiden Produktlinien LeoVince SBK für street bikes und LeoVince Scoot für Roller wurden im Jahr 2001 um LeoVince X3 ergänzt, um auch den Bedürfnissen der Off-Road-Fahrer gerecht zu werden.

Optimale Leistung, Zuverlässigkeit und unübertroffenes Design – mit Leidenschaft entwickelt, mit Liebe zum Detail gemacht.

LeoVince Hand Made V6

Know-how im Detail

Getreu der Maxime, dass vor allem eine fundierte Rennerfahrung die Produkte wesentlich verbessern hilft, entwickelt Sito alljährlich neue Technologien und testet die Prototypen selbst auf der Piste. So steckt in jedem neuen Produkt direkt aus der Wettbewerbspraxis abgeleitetes Know-how.
