

YAMAHA XT600 / 600E

Wide Stainless Steel Footpegs

I NEED KNOW:

- position
- size
- surfaře
- full address and phone

■ Payment

- 1) IBAN - bank account SEPA (prefer - no fee)
- 2) REVOLUT (prefer - no fee)
- 3) PayPal as GIFT ONLY (€ or \$)

I'm from Czech Republic (Europe) we here use metric system.

■ Position pegs:

- 1) -15mm low
- 2) -20mm low
- 3) -30mm low (*also possible 8mm thickness Surcharge +€13,93*)
- 4) -20mm low / -20mm back
- 5) -30mm low / -20mm back (*also possible 8mm thickness Surcharge +€13,93*)

■ Toothed platform 4mm THICKNESS:

- I.) Standard size = 92x54 (€104,77 /set)
- II.) Rally size = 115x54 (€119,82 /set)
- III.) XL size =130x70 (€146,01 /set)

■ Surface finish:

- 1) RAW for free (€0/set)
- 2) Polished surface +€8,36/set
- 3) Color RAL +€13,93USD/set (extra waiting 1-2 days)

■ Surface finishing for 4mm THICKNESS:

- 1) RAW for free (0USD/set)
- 2) Polished surface +8,89USD/set
- 3) Color RAL +14,82USD/set (extra waiting 1-2 days)

POSITION PEGS - PERSON HEIGHT:

- 20mm low = 175-185cm
- 30mm low = 185-195cm
- 50mm low = +195cm

if you have big foot (46+) I recommend you -20mm back

- **standard size** is little bit bigger as genuine = this size pegs good if you riding on street and use low type (to not scratch asphalt)
- **rally size** if you riding in standing
- **XL size** if you have comfortable big pegs... (not good for LOW position HARDCORE riding in forest)

if you choose -30low standard base thickness is 4mm
But also I can offer you 8mm base plate look at photo
as bend prevention if you

- heavy
- fall often
- jump on bike

All my products is from stainless steel 4mm sheet metal.

Now no pegs in stock, my pegs are custom hand made.
Production time 2-3 business days

But now I have some unfinished order before you.

If you have more questions just ask.

regards
RADAN

HERE compared BASE PLATE THICKNESS side-by-side

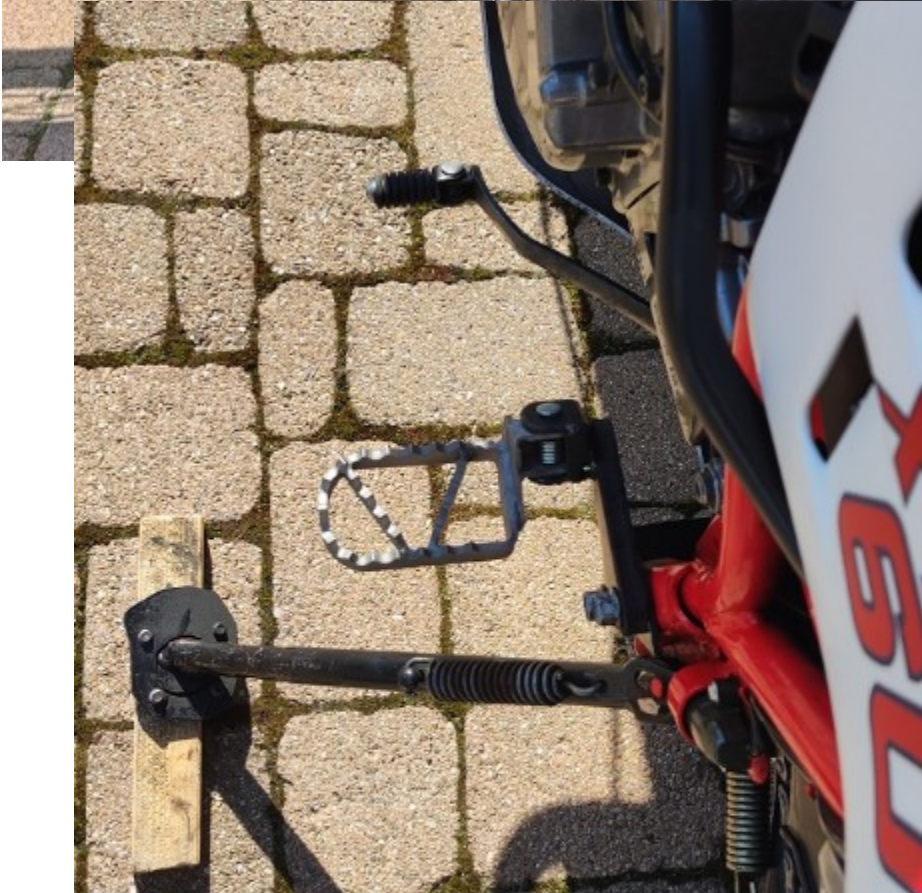

HERE Toothed platform „sizes”

EXAMPLE: XT600 / -20mm low / RALLY size / POLISHED

EXAMPLE: XT600 / -20mm low & -20mm back / STANDARD size / sandblasted
